MOLLE PLATE & FIREPLACE MOLLE PLATE

- Accessory mounting plate that can be added to the rear of your canopy camper
- It can be used to mount a gas bottle, our infamous can crusher, jerry can holder
- The Fireplace Molle Plate is designed around the Dickinson P9000 Heater

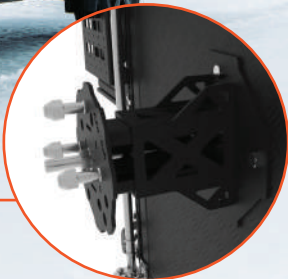

SIDE DOOR GRID

- Designed to fit on the inside of the Canopy Camper side doors
- Simple installation process
- Mounting area for additional recovery/overland or kitchen gear

MOZZIE/MIDGE NETS

- Essential for the Canopy Camper side doors and rear door
- Keeps bugs and insects out of your vehicle while allowing fresh air inside
- Designed with a heavy-duty canvas cover, which can be rolled up, exposing the netting material only

SPARE WHEEL BRACKET

- Has a multi stud universal PCD layout to fit all OEM wheel holes
- Features an adjustable section that can fit various wheel offsets and gives you the ability to tighten the wheel against the wheel carrier
- This clamping feature allows the wheel to be securely held in place and removes any vibrations

Molle Plate, Side Door Grid, Mozzie Net Sets, Spare Wheel Bracket available as additional accessories for both models
